Projects

The Homebirds Music Festival

Youghal Communications (Ireland)
March - June 2018

Among my tasks, I designed and developed a website using a CMS, and an intuitive and simple App dedicated exclusively to the festival that was being hosted.

<https://homebirdsmusic.com>

Frikeate!

Frikeate! - Jerez de la Frontera (Spain)
October 2017 - February 2018

I developed an online merchandising store about manga and anime mainly with the support of a CMS.
